Easily build custom items to your design
- 25mm steel square tube or aluminium
- 7 right angle connecting joints for full design flexibility
- Simply cut tube to length and tap together
- Wide range of accessories available

It’s so easy

1. Sketch out the plan and dimensions of your design
2. Cut the tube to length using the cutting jig
3. Tap the connecting joints into place, fit shelving and cladding to complete your design.

DATA SHEET

SQUARE TUBE
Versatile construction system
One-piece joints are supplied ready for use. Available as Plastic outer with Steel core, in Black (BK) or as plastic only in Light Grey (GY). 6 way joint not available in Grey.

**single finned tube**
Extruded aluminium tube, self colour or black powder coated finish. The fin provides a continuous support for either 15mm board or 6mm glass.

**double finned tube**
Extruded aluminium tube available in different configurations, self colour or black powder coated finish. Enables 15mm board to be used as cladding directly onto the tube.

**feet and castors**
- Adjustable Foot
  - Black plastic foot including cap, for steel or aluminium.
- Metal Cap
  - Bright steel. Used as load-bearing feet.
- Plastic Cap
  - Black cap for open ends of tube and as light duty foot.
- Horizontal Ferrule
  - Plastic end cap to raise tube clear of floor obstructions.
- Light or Medium Duty Castors
  - Choice of duties offering load capacities of 113 or 180kg per set of four.
- Light Duty Wheel
  - 100mm dia. chrome body, grey wheel with rubber tyre. Load per set of four 160kg.
- Baseplates
  - Used for fixing structures to floors, walls or ceilings.

**cladding & glazing extrusions**
Used for fitting 15mm cladding board and variable thickness glass to tube framework.

**clips**
- **BENCH OR TROLLEY CLIP**
  - Secures surface board to a tube framework.
- **SHELF CLIP**
  - For 15mm thick shelving.
- **GLAZING CLIP**
  - To locate 6mm glass.
- **GLASS SHELF CLIP**
  - Flush fitting with tube framework.
- **INVISIBLE SHELF CLIP**
  - For perforated tube, to provide hidden shelf support.

**cantilever shelving arms**
Used with perforated tube to provide a fully adjustable shelf support.

**tools**
- **Cutting Jig**
  - Assists in accurate cutting of tube by hand saw.
